EXPERIENCE

Frontend Developer

Nov 2022 – Jan 2025

YesOrYes Pvt. Ltd.

Chennai, India

- Progressed from Frontend Intern to Frontend Developer by consistently delivering production-ready frontend features.
- Collaborated with senior developers to build responsive client websites using HTML5, CSS3, JavaScript, React.js, Astro.js and Tailwind CSS.
- Contributed to migrating legacy static websites to Astro.js and Next.js using reusable component-based architecture.
- Developed reusable UI components that improved code consistency and simplified future feature development.
- Integrated REST APIs using Fetch API and Axios to display dynamic content and support frontend functionality.
- Improved website performance through image optimization, lazy loading, CSS/JavaScript minification and clean project organization, achieving PageSpeed scores up to 95 on optimized projects.
- Maintained WordPress websites by implementing responsive layouts, updating SEO metadata and fixing frontend issues.
- Implemented interactive UI animations using GSAP to improve user experience.
- Used GitHub and GitLab for version control, collaboration, code reviews and deployment workflows.

PROJECTS

SenseOps.com | *Astro.js, Tailwind CSS, JavaScript, WordPress*

- Migrated production website pages to Astro.js using reusable frontend components.
- Developed responsive landing pages and resource pages following modern frontend best practices.
- Optimized frontend assets to improve loading performance and SEO.
- Maintained WordPress content and implemented frontend enhancements.

Yavar.ai | *Astro.js, Tailwind CSS, GSAP*

- Built responsive frontend pages using reusable UI components.
- Implemented GSAP animations to create engaging user interactions.
- Prepared frontend architecture for future Strapi CMS integration.

EDUCATION
